

## THE REMEMBRANCE PROJECT'S KEY PRINCIPLES TO SAVE LIVES

The Remembrance Project serves as a voice for the countless of American victims who were killed by illegal aliens. Our mission is rooted in love for country, compassion for victims, and a firm belief in justice. We support common sense policies that protect American lives, protect American culture, uphold the Rule of Law, adhere to the U.S. Constitution, and bring justice to Americans after decades of loosely controlled immigration and a lack of enforcement of our borders.

Below are key principles that we believe will help save lives and save America!

- 1. No Amnesty. No Exceptions.** Do not reward those who break our laws. Any exception is amnesty. Amnesty and exceptions encourage more lawlessness.
- 2. End Birthright Citizenship.** The 14th Amendment was not intended to grant citizenship to children of illegal aliens born in the U.S. This misinterpretation must end and correct previously issued documentation.
- 3. Complete the Southern Border Wall.** A border wall is a key component in upholding our nation's safety, sovereignty, and honoring the laws that define America.
- 4. Protect the Census.** The Census should reflect only our citizen population. Counting illegal aliens distorts representation thus shifts political power by those who know nothing about USA! The Census must include a citizenship question.
- 5. Mass Deportations.** Enforce deportations with compassion and purpose. Laws must be enforced. Ignoring one law fundamentally undermines the basis of any law to be enforced. # Support the return of all illegal aliens to be reunited with their families in their home countries to help build stronger communities abroad.
- 6. E-verify, Preserve Benefits for Citizens.** Close the loophole on e-verify and end fraud. All workers must be "*legally authorized to work in the United States.*" Prosecute corrupt employers that hire illegal aliens as contract workers/sub-contractors. Most egregious are home builders and hotel/restaurant industries. Preserve social benefits for citizens and legal residents.
- 7. Stop IRS Support to Illegal Aliens.** The IRS issues ITINs (Individual Tax Identification Numbers) to illegal aliens to open businesses (who then hire illegal aliens and further violate laws), undercutting American businesses. Every business owner must be legally authorized to work in the U.S. Stop the IRS from subverting laws and aiding and abetting illegal aliens.

8. **End In-State Tuition for illegal aliens.** Out-of-state American students pay a higher tuition, while illegal aliens receive discounted rates. End this practice and end aiding and abetting illegals.
9. **English as the Official Language.** We support codifying English as the official language of the United States. Require all city, county, state and federal documents/applications be in English.
10. **No Taxpayer Funds to “Aid and Abet” Illegal Aliens.** Stop funding our demise. No funds or business licenses for efforts that assist illegal aliens remain in the country. Prosecute the guilty.
11. **Officially Proclaim October as the “Remembrance Month.”** Support a proclamation titled: “Remembrance Month for Americans Killed by Illegal Aliens”. At the request of The Remembrance Project, President Donald Trump signed a proclamation on October 30, 2020, for the National Day of Remembrance for Americans Killed Illegal Aliens. We believe a month-long remembrance is justified, given the many more lives lost.
12. **End or Pause Legal Immigration.** End or pause legal immigration until all illegal aliens have been returned to their country. For those who refuse to self-deport, utilize RICO-type Laws to reimburse taxpayers for resources utilized to reunite illegals with *their* families in *their* country.
13. **End Sanctuary Policies.** Sanctuary jurisdictions are illegal and unconstitutional. Halt taxpayer funds to sanctuary jurisdictions. Prosecute those who aid and abet illegal aliens. It’s the law!
14. **Social Benefits for American Citizens.** Reserve benefits for citizens who have paid into our system all their lives. Stop the dwindling of our resources by illegal aliens. With the upwards of 35-40 million illegal aliens now in America the burden on taxpayers continues to grow. End this incentive to discourage illegal residency and promote fairness for American taxpayers.
15. **No Reciprocity for Licenses from States that Issue Licenses to Illegal Aliens** (Driver Licenses, Trade Licenses, etc.) Our state will not recognize licenses issued by states that grant licenses to illegal aliens. This policy upholds the rule of law and helps keep residents safe.
